The **TradeQuip "Made for the Trade"** Mobile Workbench combines the strength of heavy-duty enamelled steel with the convenient mobility of two 360° lockable swivel castors. Designed for easy maneuverability on uneven surfaces, each castor locks fully in place to hold the workbench steady for projects requiring precision. It's even stylish enough to roll up next to the BBQ for backyard get-togethers. Easy to move in any direction this workbench is great as a middle-of-the-workshop assembly table, extra worktop, or even a primary workbench for smaller workshops. When in the desired position, engage the two swivel wheel castor brakes to avoid any unwanted movement. The rugged, all-purpose design goes where you need it to... and stays there to get the job done...

Versatile and undeniably strong, TradeQuip workbenches are developed with sophisticated designs to endure demanding industry and heavy duty commercial applications.

Features:-

- Sturdy steel construction workbench
- Bottom shelf that allows unobstructed access
- High gloss enamel finish
- Quality castors - two fixed and two locking swivel
- Heavy-duty handle
