Shipping Weight (Gross)	1.48 kg

The MILWAUKEE SDS Max Chisel Boot provides users with a solution for capturing respirable crystalline silica dust. The SDS Max Chisel Boot is optimised for MILWAUKEE SDS Max Rotary Hammers for chipping applications with bull point and flat chisels up to 28.5mm wide. Its adjustable strap secures the hose away from the application allowing for increased visibility and productivity. **Features:**

Captures dangerous silica dust while chiselling concrete through the use of a dust extractor vacuum.

Compatible with most brands of SDS Max rotary hammers.

Quick and easy attachment to Milwaukee Hose Clip Adapter Vacuum assisted suction adheres to even surfaces.

Strap secures hose to rotary hammer allowing for a clear line of sight.

Compatible with all bull point and flat chisels up to 28.5mm

Specifications:

Hose Length: 750mm
