Technical - Main	
Working Load Capacity	15.8 kg
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

MILWAUKEE® 15.8kg (35lb) Locking Tool Lanyard helps users stay safe and stay productive while working at heights by reducing the risks associated with dropped tools. The lanyard body is engineered to provide the best shock absorption, slowing the tool gradually if a drop occurs. Locking carabiners require double actions to open, ensuring a secure connection. Integrated swiveling carabiner reduces twists when using tools. The gray colour coded lanyard allows the user to easily identify the lanyard's weight rating. For use with tools up to 15.8kg (35lb).

- Designed to reduce risks of dropped tools
- Easy to use
- Locking carabiner
- Colour coded by weight rating
- Third-party tested at 2:1 safety factor
- Shock absorbing design gradually slows tool
- Best shock absorption
- Integrated Swivel
