HEAD LAMP, RECHARGEABLE PURE BEAM, 240LM - HL7R BY COAST

\$96 inc. GST

Both focusing and rechargeable, the HL7R Headlamp is ready to be a workhorse day in and day out. It gives you the ability to shine an ultra wide flood beam and then quickly twist the bezel to a long reaching spot beam with transition halo so that you can be ready for anything. With our Variable Light Control Technology onboard you can adjust the light output with the control lever to any point between the lowest low and the highest high so you can have highly personalized output and runtimes. Using a mini USB directly into the back of the headlamp, you can quickly and easily charge the NiMH batteries and get back to work.

With Coast's commitment to quality, the HL7R Headlamp is impact resistant, weather resistant and its LED is virtually unbreakable. The HL7R Headlamp is backed by Coast's lifetime warranty against defects in materials and workmanship. Tested and rated to ANSI/FL1 standards.
