Standard Inclusions	(Not included) Battery
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The MILWAUKEE M12 AXIS Heated Women's Vests are designed to protect from the cold and weather on the jobsite. Powered by M12 REDLITHIUM Battery Technology, these heated vest kits use carbon fiber heating elements to create and distribute heat to the chest, back and shoulders. A single touch LED controller heats up the battery heated vest to three heat settings. These women's vests are built with M12 AXIS Ripstop Polyester providing a lightweight, compressible design that can be used as an outer shell or a mid-layer vest, and protecting from wind and water. **Features:**

- Up to (8) hours of run-time with M12™ REDLITHIUM™ 2.0 Compact Battery Pack
- Washer and dryer safe
- 100% Polyester insulation keeps heat in, doesn't add bulk
- Compressible design makes layering comfortable and easy.
- One-touch LED controller with (3) heat settings per heat zone
- Heating Zones: Chest, Back
- Wind and Water Resistant
- Reinforced high-wear zones protect from abrasion and tears

Includes:

- (1) M12 AXIS™ Heated Vest Black Womens [M12HVMBLACK9W-0]
- (1) M12™ Compact Charger & Power Source [M12TC-0]
- (Not included) Battery
