Shipping Weight (Gross)	1.48 kg

High-performance rotary orbital sanders for high-quality polishing and finishing, ideal in situations where the surface is to be varnished or enamelled. Combines both rotary and orbital movements, leaving surfaces smooth and mark-free. Planing jobs are completed quickly. These sanders have a new dust-protection system and integral dust collection, allowing the use of standard abrasives and plates. The ergonomic design with anti-slip surfaces makes the machines comfortable and efficient to work with. Electronic speed control and plate-braking system, preventing no-load over-acceleration. This model has a 4 mm orbit, for fine and extra-fine sanding jobs, ideal for surfaces to be enamelled.
