Product Width	490 mm
Product Height	1090 mm
Product Weight (Net Weight)	27 kg
Packaging + Shipping	
Shipping Length	585 mm
Shipping Width	490 mm
Shipping Height	1045 mm
Shipping Weight (Gross)	31.8 kg
Shipping Notes	This product is classified as 'Heavy / Oversized' and generally does not qualify for FREE SHIPPING.

This **Tradequip "Made for the Trade"** Direct-Fired Forced Air Workshop Heater is ideal for workshops, garages and warehouses, reducing concrete freeze and emergency heating. The 56 Litre fuel tank can run for 9 hours on a single fill. It has on-board diagnostics and additional safety features. Ideal for quickly and efficiently heating cold condition workshops, this forced air heater can be used in a variety of commercial and industrial settings and is fuelled by kerosene or diesel. It is a reliable heating solution for an area of approx. 415 square metres and is easy to move and position as required thanks to the ergonomically designed inbuilt handle.

Features

- Burns diesel or kerosene
- Electronic flame control system
- Safety overheat thermostat and pressure switch
- Stainless steel heat exchanger
- Double skinned combustion chamber for thermo-acoustic insulation and safe low surface temperature
- Pre-purge and post-ventilation cycles
- Twist lock fuel cap with cable

Specifications

- Power Output: 50kW - 170,600 Btu/h
- Motor: 240V/50Hz 3400W

23 Exhibition Drive, Malaga Western Australia
