X-LOCK™ is a new quick-change system for Angle Grinders developed by **BOSCH®**.

X-LOCK™ enables users to switch angle grinder accessories with just one click!

The X-shaped interface on the grinders head matches with the accessory permitting **easy** and **effortless** mounting. The **X-LOCK™** system also permits backwards compatibility and can be fitted to traditional Angle Grinders with a 22.2 mm (7/8") bore capacity.

Product Description

This **BOSCH® X-LOCK™** Standard for Universal Diamond Blade provides reliable cuts in most building materials. Its optimised diamond matrix delivers solid results thanks to the disc's high-quality standards. The **BOSCH®** diamond competence centre in Switzerland ensures these standards by enabling consistent quality time and again. Use this blade for cutting building materials such as concrete and other masonry materials.

Features

X-LOCK™ System - For tool-free, fast and convenient disc changes

Backwards Compatible - Can be used on traditional 125 mm (5") Angle Grinders with a 22.2 mm (7/8") bore capacity
