TradeQuip "Made for the Trade" 450kg Engine Stand has a 4-leg design featuring a rugged frame with a 4-hole mounting head that rotates 360 °, making the unit ideal for 4,6&8 cylinder engines. When you've got an engine repair job that can't be completed while the engine block is in the vehicle, this engine stand provides a sturdy support structure to secure the removed engine in mid-air, so you can access any part of it. Use an engine crane to remove the engine from the vehicle, then mount it to the faceplate on this engine stand. (Previous models include product code/s; 1006, RLES450)

Features:-
Rugged tubular steel frame with attractive durable finish
360 degree rotating head that locks in 8 positions
Slotted mounting head for full adjustment
Extra wide base for stability and safety
Easy knockdown and quick assembly design for storing and transporting
Large diameter wheels and castors for smooth manoeuvring
Suitable for cast iron/alloy block 4 and 6 cylinder engines and alloy block 8 cylinder engines

Specifications:-
Safe Working Capacity: 450kg
Centre Height: 780mm
Width @fixed wheels: 750mm
Width @swivel castors: 400mm
Dimensions: 760(L) x 750(W) x 860(H) mm

Weight: 21kg
Carton: 910 x 210 x 180mm
Intended Use:-
For safe handling and positioning of most 4 and 6 cylinder
passenger car engines during dismantling and re-assembly.
WARNING: Engine dimensions must be within legs of Engine
Stand.
