20KG BAG OF WALNUT SHELL MEDIA ABRASIVE 16/24 3029T BY TRADEQUIP PROFESSIONAL

SKU	Option	Part #	Price
8726707		3029T	\$190

Model	
Type	Blasting Media / Garnet
SKU	8726707
Part Number	3029T
Brand	Tradequip
Size	20Kg
Technical - Main	
Colour Name	Walnut
Material	Walnut Shells
Dimensions	
Product Weight (Net Weight)	20 kg
Packaging + Shipping	
Shipping Weight (Gross)	20.0 kg

The **TradeQuip "Made for the Trade" Walnut Shell Blasting Media Abrasive** is designed for use in conjunction with our **TradeQuip** Blasting Cabinets. Nut shells and other organic materials, don't cause anchor patterns, making them useful for removing dirt, grease, oil, carbon, scale, burrs and paint without changing the underlying substrate. Walnut shells can be an excellent choice for softer surfaces such as wood — they won't cause etching. Walnut shells are one of less abrasive blasting media you can use and are completely biodegradable, making them among the most environmentally-friendly blasting media. Walnut shell blasting media is great for rust-free paint removal from sheet metal and for cleaning engines and transmissions. Walnut media blasting is also an effective media for cleaning paint, grease and other dirt from the surface of a material whilst maintaining the integrity of substrate materials. Ideal for use with aluminium, brass and sheet metal. It has been specified for use with **TradeQuip "Made for the Trade" Blasting Cabinets** only. **Note:** TradeQuip Walnut Shells cannot be used in TradeQuip Mobile Blasting Units
