Part of the DEWALT 18V XR range, the DCN692 is an essential fastening tool for a host of applications such as timber frame erection, stud work and roof battens. The framing nailer is gasless, features tool-free maintenance, and has a versatile 30 °-34 ° magazine angle. Up To 90mm Nail.

Features:-

18V XR Li-Ion Two Speed Framing Nailer featuring BRUSHLESS motor technology

Two speeds - or power levels - to optimize the nailer for firing all lengths of nails

Benefit from longer run-time, quicker readiness to fire, less recoil and more durability when firing short nails

BRUSHLESS motor technology offers the power to fire a 90mm Ring Shank nail in Soft Wood and 63mm into Hard Woods

The sequential operating mode allows for precision placement and the bump operating mode provides the user with production speed

Mechanical rather than gas operation offers consistent performance at temperature between -20 and 50 degrees Celsius and minimal cleaning/service requirements

Class leading vibration and sound figures, offer fantastic user protection

Versatile 30 - 34 degree magazine angle will accept most clipped head, and off centre round head paper tape or wire weld collated framing nails

Reversible belt/rafter hook provides increased portability and versatility on the job-site

Depths can be easily adjusted using the thumb wheel depth adjuster

Increased visibility and durability along with protection for work-surface from the non-mar contact-trip

Ergonomic tool design allows the nailer to fit easily between a 400mm center stud

Gas free operation offers a significant saving in running costs

Tool free stall/jam clearance minimizes user down time

Cordless design allows you to work without the inconvenience and safety risk of trailing leads

User can engage contact trip lock-off and prevent accidental dis-charge of fastener

Dry fire lockout ensures that the tool is protected from firing without nails in the magazine
