Packaging + Shipping	
Shipping Weight (Gross)	3.358 kg

The KATANA 18V Hedge Trimmer is the ultimate tool for creating and maintaining perfectly manicured hedges. With laser cut dual action blades measuring 560mm in length and a 19mm max cutting capacity, tame even the thickest hedge. Its light weight and compact design allow it to be safely and easily used at ground level or at height. With safety in mind, the trimmer features an integrated safety shield, automatic motor brake and a 2-action safety trigger which means that the trimmer will not operate unless both of your hands are in the correct position. As soon as one hand is removed the blades stop instantly.
