Part Number	CARN200MLCL
Barcode	9324554001018
Brand	Gilly's
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Carnauba Polish is a fast-drying surface finish, rich in carnauba wax and beeswax. Very soft and easy to apply, it hardens quickly and when buffed, imparts a beautiful hard, high sheen. It is Step 3 of our **3 Step Waxing Process**.

**Used For:** A surface finish for waxed or oiled timber. Also suitable for non-porous surfaces such as metal, marble, slate and concrete. Ideal for use over chalk paint and Venetian plaster.

**Surface Preparation:** Ensure the surface is clean and dry before application. Timber needs to be previously waxed or oiled before application. Not suitable for raw timber.

### How to Apply:

Dip a clean, lint-free cloth and spread sparingly over the surface, not more than one square metre at a time, in a circular motion.

Buff back vigorously with a soft, lint-free cloth or buffing pads.

Use up to three coats, buffing well between each coat. Allow 20 - 30 minutes between coats.

**Dry Time:** 20 minutes provided excess is wiped away.

**Maintenance:** Depending on wear, apply if the waxed area becomes dull or faded.

**Clean Up:** Warm, soapy water for hands or cloth. Excess wax on timber; dampen a cloth with d-limonene or mineral turpentine.

### Options

200MI CLEAR CARN200MLCL

200MI DARK CARN200MLDK
