Brand	Milwaukee
Technical - Main	
Battery Voltage (V)	12V
Brushless Motor	✓
Dimensions	
Product Weight (Net Weight)	1 kg
Packaging + Shipping	
Shipping Weight (Gross)	2.2 kg

The M12 FUEL™ Multi-Tool generates fast cut speed, low full-tool vibration, and delivers tool-free blade change for fast accessory changes and no misplaced tools. The POWERSTATE™ Brushless Motor delivers 10,000 to 20,000 OPM while maintaining its speed under load, to provide fast cuts. The vibration isolating tool design minimises vibration, making cuts more comfortable for the user with reduced fatigue, while tool-free blade changes means less down time on the jobsite. REDLINK™ PLUS Intelligence, an advanced electronic system, maximises performance, protection, and compatibility. M12™ REDLITHIUM™ -ION Battery technology (not included) delivers more work per charge and more work over the life of the pack. The M12 FUEL™ Multi-Tool also has an integrated LED light for maximum visibility. The MILWAUKEE® M12 FUEL™ Multi-Tool has a 12-Setting Variable Speed Dial, allowing the user to adjust the speed to the application, whether that's making flush or plunge cuts, removing grout, sanding, or tackling other awkward jobs.

Features:

- POWERSTATE™ Brushless Motor delivers fast cut speeds
- Variable Speed Dial allows users to adjust speed to application
- REDLINK™ PLUS Intelligence ensures maximum performance and protects from overloads, overheating, and over-discharge
- Oscillation angle of 3.9 ° for fast cuts
- Tool-free blade change for fast accessory changes
- LED light for visibility in low-light situations
- Vibration Dampening Technology for low full tool vibration

23 Exhibition Drive, Malaga Western Australia
