| Shipping Weight (Gross) | 1.48 kg |

The GKT 18V-52 GC Professional BITURBO circular saw delivers cordless freedom with corded performance equal to 1,600 W corded saws. The saw offers class-leading design, size and mobility. The saw has a uniquely compact design due to the one battery system and this enables the closest distance between the saw blade and the wall at only 10 mm. The plunge button is located in the main handle for ease of use and offers a smooth setting of depth while remaining in control of the tool and workpiece. The GKT 18V-52 GC utilizes a User Interface that enables users to adapt the tool to their job. Constant Speed for power, Variable speed to suit all applications while the Bosch ECO Mode gives up to 30% more run time. The tool has a fast motor brake, overload and restart protection. Perfectly matched with the Bosch FSN rail system offering 800-3100mm rails and wide range of accessories including clamps, connectors, and bags. Integrated dust adaptor to use this saw with dust extraction or dustbags for cleaner and healthier jobsites. The saw also fits on the guide rails of Festool, Makita, and Mafell. The high power output of the BITURBO Brushless motor is achieved using only one ProCORE18V 8.0Ah or 12.0Ah battery pack. ProCORE18V batteries deliver higher energy output and longer runtime than standard batteries. While optimised for ProCORE18V the tool is backwards compatible with all 18V batteries in the Professional 18V range. BITURBO Brushless technology and ProCORE18V for maximum cordless cutting performance equal to corded 1,620 W plunge saws

hello@beyondtools.com

Superior mobility due to a uniquely compact design allowing operation with only one battery

Very compact design enables minimum distance between saw blade and wall of only 10 mm

Specifications:

Motor: BITURBO Brushless

Equivalent corded power: 1,620W

Recommended Battery: 1x ProCORE18V 8.0Ah

Compatible with: 2.0Ah - 12.0Ah

Blade Diameter: 140mm

Blade Bore size: 20mm

Cut Capacity: 52mm/46mm on guiderail

Bevel capacity: 47 °

Saw blade position: Right

Weight without battery : 4.1kg

Additional Features:

One Handed Plunge Button

Guide Rail Compatible

Bluetooth Connectivity with HMI User Interface

Variable Speed

ECO Mode

Motor Brake

Integrated Dust adaptor

Rail Groove adjustment

Magnesium Base

Compatible to Festool

Mafell and Makita guide rail systems.
