## EASY FLOW, ULTRA CLEAR CASTING EPOXY RESIN BY FLOW RESINS

Easy Flow is an ultra-clear and easy to use epoxy resin ideal for casting small to medium sized objects. It is suitable for pouring thinner layers (up to 10mm thick at room temperatures of 25°C or below).  
Simple 2A:1B mixing ratio (pour by volume / PBV)  
Ultra-clear  
Very low viscosity  
Self-releases air bubbles  
Great thermal stability and low shrinkage  
Low VOCs (low odour)  
Very durable and scratch resistant once fully cured  
Contains anti-yellowing technology  
Easy Flow is perfect for casting into silicone moulds to make homewares or jewellery, as well as embedding objects. It is also excellent for timber projects such as filling timber voids, cracks and creating smaller river tables and boards.
