Shipping Weight (Gross)	1.48 kg

The On-Board Dust Extraction Unit (DX14) is for use with the XGT 40V Max Brushless 28 mm Rotary Hammer (HR002G). The DX14 Dust Collection Vacuum Attachment features a HEPA filter engineered to capture 99.97% of dust particles for improved dust collection. The Dust Extractor Attachment is powered by a separate motor allowing the rotary hammer to consistently maintain peak drilling performance. The high capacity dust container is transparent and provides an accurate level indicator of collected material. The container captures concrete dust during drilling; activated by the tool and provides a 3 second delay to help capture remaining dust. With a filter cleaning mechanism where by turning the dial dust will fall from the filter. **Features:**

260 mm Max. Bit Length
Depth Gauge
Filter Cleaning Mechanism
Twin LED Joblight
HEPA Filter
Transparent Collection Case

Specifications:

Compatible Tools: HR002G
HEPA Filter: Yes
Filter Cleaning: Yes
Dust Capacity: 400ml
Max bit diameter: 28mm
Max bit length: 260mm
Max usable length: 190mm

Includes:

Sealing Caps x5
