Shipping Weight (Gross)	1.48 kg

The M12™ Pivoting Area Light gives users a flexible light source made for any environment, and any orientation. The light provides 700 lumens of TRUEVIEW™ High Definition Output in high mode, and is capable of lighting up a workspace for up to 24 hours with an M12™ REDLITHIUM™ - ION 4.0Ah Battery, and features a light head that pivots 110 ° for users to orient the light in multiple directions. The light comes equipped with a strong rear-facing magnet made for jobsite surfaces like steel studs, I-Beams, and job boxes. The light's streamlined base with an overmolded grip gives users a comfortable handheld option for inspection lighting. A 2.1A USB port is included with the M12™ Pivoting Area Light for charging a phone or external device. The light features an integrated keyhole for hanging capability on non-metallic surfaces. The light has an impact-resistant lens protecting the LEDs, and can survive up to 2.7 metre drops, allowing it to withstand a drop and keep working.

- Features:**
- Provides up to 700 Lumens of TRUEVIEW™ High Definition Output
 - 110 ° pivoting light head for upwards and downwards lighting
 - Impact resistant rated to 2.7 m
 - Integrated keyhole for hanging overhead
 - Integrated magnetic mounting
 - 2.1A USB output
