The GGS 18V-23 LC and GGS 18V-23 PLC are Bosch's long neck cordless straight grinders with corded performance. With its high-power brushless motor, it is equivalent to a 1000 watts corded straight grinder. It comes with Drop & KickBack Control and brake. Also a PROtection switch version is available. For perfect tool control it has an extremely small grip size and is prepared for Bluetooth connectivity.

The cordless straight grinder with corded performance  
Next level of power - 1,000 W equivalent: Stronger than standard corded straight grinders due to high-power brushless motor

Best tool control: With Drop & KickBack Control, Brake and also execution with PROtection switch available

Best convenience: Thanks to preparation for Connectivity and small grip size for easy handling
