RED BEAM AUTOMATIC SELF LEVELLING CONSTRUCTION ROTARY LASER LEVEL WITH RECHARGEABLE BATTERY RL-H5A BY TOPCON

| SKU | Option | Part # | Price |
|---------|--------|------------|--------|
| 8728253 | | 1021200-10 | \$2299 |

The RL-H5A is the self levelling, accurate, reliable, multi-purpose construction laser produced by Topcon Laser is accurate and reliable long-range, multi-purpose construction laser level. Ideal for a broad scope of applications such as grading, drainage, site set-up, excavation, drainage, concreting, earthworks and general construction, the Topcon RL-H5A laser is incredibly versatile. Designed and manufactured with an array of innovative features, the Topcon RL-H5A will provide you with the best laser level for your individual needs. Offering a longer-range delivery of 800 metres and optimal accuracy (+/- 1.5 mm at 30 m) the Topcon RL-H5A is a superior construction laser level. With a tough exterior weatherproof casing, this construction laser is suitable for all weather conditions. Other features that are showcased by this Topcon laser include a manual slope match function designed for automatic cross-axis self-levelling, an extra-long battery life (100-hour alkaline battery) and an automatic height of instrument alert. Topcon Laser offers a five-year guarantee on their surveying instruments, so you are assured of receiving a premium quality product that is fully backed by the company for performance and reliability. We also have experienced technicians available Australia-wide to provide warranty servicing or repairs on your Topcon Laser surveying equipment. It's also recommended by Topcon Laser that laser levels are calibrated every six months at the nearest service

hello@beyondtools.com

centre to maintain the best laser level for your survey instrument.

Features:-

Long-range operation (800m)

Smart long-range receiver

Simple, intuitive manual slope capability

±10 Arc second horizontal accuracy

±5 Degrees self-leveling range

Up to 100 hours battery life

Long-range high accuracy laser - With great distance and high-accuracy, the RL-H5 Series is simple to use for checking elevations.

Easy to use - With electronic self-leveling, you press the power button and go right to work in seconds. If the RL-H5A gets disturbed on the job it relevels itself automatically. The self-leveling motors are accurate to ±10 arc seconds.

Long range operation - Need to shoot elevations up to 400 m from your laser? No problem – this instrument instrument has the power and range to cover a 800m diameter job site.

Long battery life - The RL-H5A gives you the option of up to 60 hours of continuous usage with the rechargeable battery pack or 100 hours with (4) D cell batteries.

All weather dependability - With the IP66 rating, the RL-H5A is 'job site tough' and can withstand dust, a sudden shower and even torrential rainfall.

Five year guarantee - The RL-H5A laser comes with a Five Year Guarantee. Topcon is backing up this reliable, accurate laser with the best factory warranty in the industry.
