

RED BEAM AUTOMATIC SELF LEVELLING ROTARY LASER LEVEL RL-H5B BY TOPCON

SKU	Option	Part #	Price
8728256		1021200-71	\$1445

Model	
Type	Rotary Laser Level
SKU	8728256
Part Number	1021200-71
Brand	Topcon
Technical - Main	
Power Source	4 x D Cell Alkaline Batteries
Accuracy	±20 Arc second horizontal accuracy
Laser Colour	Red
Rechargeable	No
Rotation Speeds	600RPM
Dimensions	
Product Length	172 mm
Product Width	211 mm
Product Height	205 mm
Features	
Standard Inclusions	RL-HB5 Laser by Topcon
Workshop (Site) Info	
Rechargeable	No
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The RL-H5B is the self levelling, accurate, reliable, multi-purpose construction laser produced by Topcon Laser is accurate and reliable long-range, multi-purpose construction laser level. Ideal for a broad scope of applications such as grading, drainage, site set-up, excavation, drainage, concreting, earthworks and general construction, the Topcon RL H5B laser is incredibly versatile.

This one-button operation construction laser is simple to use and designed and manufactured with an array of innovative features, the Topcon RL H5B will provide you with the best laser level for your individual needs. Offering a 400 metres operating range and optimal accuracy (+/- 3 mm at 30 m) the Topcon RL H5B is a superior construction laser level. With a tough exterior weatherproof casing, this construction laser is suitable for all weather conditions. Other features that are showcased by this Topcon laser include a manual slope match function designed for automatic cross-axis self-levelling, an extra-long battery life (100-hour alkaline battery) and an automatic height of instrument alert. Topcon Laser offers a five-year guarantee on their surveying instruments, so you are assured of receiving a premium quality product that is fully backed by the company for performance and reliability. We also have experienced technicians available Australia-wide to provide warranty servicing or repairs on your Topcon Laser surveying equipment. It's also recommended by Topcon Laser that laser

levels are calibrated every six months at the nearest service centre to maintain the best laser level for your survey instrument.

Features:-

Long-range operation (400m)

Smart long-range receiver

Tough IP66 construction rating

±20 Arc second horizontal accuracy

±5 Degrees self-leveling range

Up to 100 hours battery life

Long-range high accuracy laser - With great distance and high-accuracy, the RL-H5 Series is simple to use for checking elevations.

Easy to use - With electronic self-leveling, you press the power button and go right to work in seconds. If the RL-H5B gets disturbed on the job it relevels itself automatically. The self-leveling motors are accurate to ±20 arc seconds

Long range operation - Need to shoot elevations up to 400m from your laser? No problem - this instrument has the power and range to cover a 400m diameter job site.

Long battery life - The RL-H5B provides up to 100 hours of continuous usage with 4 (D) cell batteries.

All weather dependability - With the IP66 rating, the RL-H5B is "job site tough" and can withstand dust, a sudden shower and even torrential rainfall.

Five year guarantee - The RL-H5B laser comes with a Five Year Guarantee. Topcon is backing up this reliable, accurate laser with the best factory warranty in the industry.
