1000PCE BOX OF TYPE 17 12G X 65MM GALVANISED ROOFING SCREWS 17GHCN1265 BY MACSIM

MACSIM®

Generic image of range. 17GHCN1265 pictured.

Put the drill bits away. These **screws** for metal-to-timber applications are self-tapping, so no pre-drilling of holes is required. These **screws** are also thread cutting; the **screw's** thread will enter its self-made pilot hole and pull itself in.
