Shipping Weight (Gross)	1.48 kg

The DeWalt DCG416N-XJ Angle Grinder has improved brushless motor for extended power. It's upgraded electronic module & components allows for additional motor power. The E-Brake & E-Clutch provide end user with class leading safety protection features. It is up to 54% more power when combined with the DCB546 battery (sold separately).

### Features:

Electronic Module - Help to recognize batteries, increased power and productivity

High Power Density Motor - More Copper, longer magnet, increased power for medium/heavy applications

Mesh Guard - Reduces motor dust ingress & contamination, improve unit durability

E-Brake / E-Clutch / Soft Start - Stops disc quickly, engages in stall or pinch event, slow start for better control, improved safety & productivity

Compact Gearcase - Allows access into tight spaces and increased unit performance

1 Touch Guard System - Easy keyless guard adjustments

Rubber Grip Overmould - Improves user grip and comfort

### Specification:

Voltage: 18V

Max Disc Diameter: 125mm
