Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Our SDS Plus SLEDGE™ Chisels stay sharper longer, providing increased productivity and maximum life, as no re-sharpening or re-hardening is necessary, reducing our user's downtime. Our SLEDGE™ Chisels also feature reinforced edges to deliver maximum durability and reduced wear over the life of the chisel. Our MILWAUKEE® SDS Plus SLEDGE™ Chisels are designed for SDS Plus rotary hammers with high-grade forged steel for maximum durability and longer life in concrete demolition over our standard chisels. **Features:**
Up to 2x longer life compared to standard chisels.
Self-sharpening tip geometry.
Extra long working length for more material removal.
Re-grinded tip stays sharper for longer and avoids jamming.
Made In Germany
