The M12™ Battery Storage Bay is the only authorised battery storage bay for all M12™ battery models. The Battery Storage Bay allows users to customise their battery storage solution, using the M12™ and M18™ (sold separately) battery storage bays. The Battery Storage Bay features a reinforcement rib for alignment during installation and additional support for weight distribution. Designed for use in the workshop and in the users work vehicle for mobile storage, one unit contains 2x Battery Storage Bays and 2x locking clips. **Features:**

Customise battery storage for M12™ batteries

Reinforcement rib for alignment in installation and weight distribution

Locking clips allow for joining to M18™ Battery Storage Bay (M18BAT-4BAY)

Compatible with all M12™ battery models

Includes:

(2) M12™ Battery Storage Bays

(2) Locking Clips
