Type	Forged Wrench Knife 3.19"
SKU	8728510
Part Number	KB1119
Barcode	617717211195
Brand	AOS
Size	3.19"
Dimensions	
Product Weight (Net Weight)	90 g
Packaging + Shipping	
Shipping Weight (Gross)	0.138 kg

Blade: The integral, drop forged construction makes the Forged Wrench Knife very durable and easy to maintain while the flat ground, drop point blade delivers the slicing and piercing performance you would expect from such a utilitarian piece. 425 high carbon stainless is very low maintenance making this the perfect addition to your kit, tool box or backup bag.

Handle: The integral, drop forged handle is made to look and feel like the handle of a wrench, thus the name. All metal construction is durable enough to handle serious use while being surprisingly comfortable and allowing for multiple grip options. The hole on the end isn't just for look but also allows for carabiner or lanyard attachment or storage of the knife on pegboard or similar hooks.

Sheath: Carries via a rugged, molded polymer sheath.

425 Stainless Steel: A direct upgrade to 420HC, 425 is a high carbon stainless steel that provides excellent rust resistance, ease of re-sharpening and moderate edge retention while being exceptionally tough for a stainless steel.

OVERALL LENGTH	7.19"
BLADE LENGTH	3.19"
SHARPENED LENGTH	3.00"
BLADE THICKNESS	0.19"
BLADE MATERIAL	Stainless Steel
BLADE TYPE	Stainless
BLADE ROCKWELL	56-58 HRC
HANDLE THICKNESS	0.19"
HANDLE MATERIAL	Steel
WEIGHT	3.20 oz.
SHEATH Drop Point Blade	Polymer
SHEATH WEIGHT	0.90 oz.
COUNTRY OF MANUFACTURE	United States
