Visibility and accuracy: Meet the 30m self-leveling point laser with a green beam. Designed for easy point transfer from ground to ceiling in tough and low-light conditions. Whatever challenge you face at work, the new GPL 5 G Professional will not let you down with IP 65 rating and rubberized housing. The integrated magnetic mounts make for easy, quick, and secure mounting while the pendulum lock provides secure transport when on the go. The versatile GPL 5 G Professional can be used for a wide variety of applications such as room partitioning, leveling counters, mounting shelves, cable channel positioning, and framework for drywalls. IP 65 rated for dust and water protection
5 green laser dots for up to 4x better visibility compared to the red beam

Integrated mount allows for easy rotating and fastening on magnetic surfaces
Impact-absorbing rubber body with air cushions and recessed windows provides additional protection against bumps and shocks
Easy to use switch design with large sliders for improved grip
Designed for easy point transfer from ground to ceiling.
Pendulum lock protects the tool when turned off
Rubber on the bottom of the mount provides additional protection and grip on the ground.
