Bolt Biter<sup>™</sup> is the revolutionary new extraction socket system from GEARWRENCH. We talked with auto mechanics and industrial techs to learn what they hated about existing extraction sockets. Bolt Biter redefines extraction and solves all of their frustrations.

## Features:

Bi-directional design for removing or tightening damaged fasteners

Tapered entry enables socket to easily seat on a damaged fastener

Dual sized sockets designed to work with both SAE and metric fasteners

Square drive with hex base for use with impact gun, ratchet, wrench, or pliers

Chrome molybdenum alloy steel (Cr-Mo) for exceptional

strength and long lasting durability

High-visibility laser etched markings provide quick size identification

Black oxide finish to resist corrosion

Up to 10x longer impact life vs. other impact extraction sockets

Up to 5x greater torque output vs. other impact extraction sockets

Minus-size sockets fit a wider range of damaged fasteners **Specifications:** 

## 23 Exhibition Drive, Malaga Western Australia
