## 80W SOLDERING IRON SP80NAU BY WELLER®

SKU	Option	Part #	Price
8728904			\$

Model	
Type	Soldering Iron
SKU	8728904
Brand	Weller
Technical - Main	
Power Source	240V 50Hz Single Phase
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The Weller SP80NAU brings the light! High-performance consumer soldering iron with the latest LED technology. Delivers light to the application while working. A triangular front housing captures the LEDs. Once the tip position is determined, the hand naturally gravitate to the triangular area providing a more stable and effective way to control the tip position.

Weller high-performance consumer soldering irons deliver comfort and flexibility. A round, soft-grip, non-slip handle design helps relax the hand during extended use. The round handle easily provides a mechanism to roll and position the tip for application needs. Weller heat resistant LEDs and housing ensure long life.

### Specifications:

Material: Plastic handle, Stainless steel heater, Copper tip

Wattage (W): 80

Temperature Range (°C): 482

Interchangeable Tips: Yes

Ideal for: Printed circuit boards, radio controlled, indoor lighting, wire connection 12 AWG (0.08" diameter)

Power Source: 240V
