Shipping Weight (Gross)	1.8 kg

The Laser Tripod is perfect for setting the height of a horizontal laser line or getting the laser off of the ground when needed. The tripod can be adjusted from 72cm (28") to 183cm (72") with additional range when used with the 360 ° Laser Bracket with Quick Connect (48351311, not included) and bottom mounting point. The Tripod also features 38cm (15") of precision adjustment for faster vertical alignment, and reinforced gearing on the center shaft for longer tool life. The aluminium tripod is lightweight and durable with an adjustable pan-tilt head.

Features:

- Bottom mounting point
- Reinforced gearing for longer life
- Removable laser mounting plate
- Additional range when used with the 360 ° Laser Bracket with Quick Connect (48351311)
- 38cm (15") precision adjustment
- Adjustable pan-tilt head
- Light weight & durable aluminium body
- Compatible with Milwaukee ® Cross Line and Plane lasers
