Simple to use –
clearly etched angles
and tool names

Over time angles change as we grind our tools. The Woodcut Tools Tri-Gauge will help you verify you have the correct angle grind and will ensure you get the exact angles every time.

SIMPLE TO USE - With both the angles and tool names etched into the gauge, its is easy for anyone to use. Simply set the bottom of the tool on the gauge and slide it forward to see the angle.

KEEP YOUR TOOLS ACCURATE - Over time angles change as we grind our tools. The Woodcut Tools Tri-Gauge will help you verify you have the correct angle grind and will ensure you achieve exact angles every time.

ONE GAUGE DOES IT ALL - For use with your Bowl Gauge and Parting tool, Skew and Spindle Gouge, Fingernail Gauge and Scraper. 22 degrees, 35 degrees and 55 degree angles provided.

KEEP IT HANDY - A punched out hole in the centre means you can easily hang your Tri-Gauge up with your other tools so it doesn't get lost in your workshop amongst wood shavings.

Manufactured in New Zealand.
