Our CHEATER Aluminum Adaptable Pipe Wrench is the most adaptable pipe wrench in the market with an all-in-one design that delivers maximum productivity to the professional user. The CHEATER Aluminum Adaptable Pipe Wrench has an extendable sliding handle providing variable-length control from 260mm (10") through to 610mm (24"), meaning you only need one tool for the job. Featuring an overbite jaw with a larger grip surface you'll secure maximum bite on the workpiece, while the dual coil springs within the jaw ensure maximum durability and tool life. The lightweight aluminum body and tether-ready handle loops make the MILWAUKEE® CHEATER Adaptable Pipe Wrench ready for the jobsite.

Features:

- Extendable Sliding Handle providing variable-length control from 260mm (10") through to 610mm (24")
- OVERBITE JAW for the largest gripping surface
- Dual Coil Spring Design for increased jaw durability and strength
- Comfortable Round Handle won't dig into palms
- Lightweight aluminium build

Specifications:

Length: Variable-length from 260mm (10") through to 610mm (24")
