18V 5.0AH 2PCE BRUSHLESS HAMMER DRILL + IMPACT DRIVER KIT DCK2032P1-XE BY DEWALT

SKU	Option	Part #	Price
8729310		DCK2032P1-XE	\$499

Model	
Type	Impact Driver
SKU	8729310
Part Number	DCK2032P1-XE
Barcode	5035048748299
Brand	DeWalt
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Includes:

- 1 x DCD795 Hammer Drill Driver
- 1 x DCF787 Impact Driver
- 1 x 18V XR Battery Pack 5.0 Amp Hour
- 1 x DCB115-XE XR Multi-Voltage Charger
- Comes in DEWALT® Branded Carton

DeWalt Combo Kit Features:

Hammer Driver-Drill Skin with 18V Li-ion battery from DeWalt DCD795

- Technology for brushless motors for high-effectiveness
- Two-Speed metal transmission for increased runtime and tool longevity
- Drill Driver and hammer for multiple applications
- Adjustable torque control
- Ergonomic design allows for total control and increases user comfort
- Steel belt hook and magnetic for easy-on-the-job storage solutions
- Intelligent XR Lithium Ion Series battery making applications faster and more efficient

DeWalt DCF787N-XJ 18V XR Li-ion Cordless Brushless Impact Driver Skin

- Hex Tool Holder
- Improved Runtime
- Intelligent Switch Safeguards Tool & Battery
- Enhanced Ergonomics
- LED chin-mounted light

DeWalt DCB184-XE 18V 5.0Ah XR Li-ion Cordless Slide Battery

- Provide 66% greater runtime than a typical 3.0Ah battery pack
- LED state of charge indicator helps regulate charging

hello@beyondtools.com

Compact design allows the user to receive an increased

5.0Ah of power without an increase in size or weight.

No memory effect and almost no self-discharge for optimum productivity and little downtime.

Protection from overheating, overloading, and deep discharge situations that lengthens battery life overall

Compatible with all DeWalt XR Li-Ion 18V tools

Dewalt DCB115-XE - 10.8V-18V Battery Charger

Technology for brushless motors for high effectiveness

For extended tool life and better runtime, use a two-speed all-metal transmission.

Hammer and Drill Driver features for several applications.

Consistent screw driving into a range of materials with a 15-point adjustable torque control

An intelligent trigger design enables complete application control. Rubber grip over the mould and improved ergonomics increase user comfort.

Superior insertion and removal are made possible by Li-Ion battery packs with state-of-charge indicators.

Strong storage solutions are provided by a magnetic bit holder and steel belt hook.

a battery pack from the clever XR Lithium Ion Series built for speed and efficiency
