The M12 LED Undercarriage Light is the first of its kind, revolutionising the way automotive mechanics execute undercarriage work. This innovative light delivers unmatched maneuverability and hands-free lighting. Two swivel points with 300 degrees of horizontal rotation and up to 180 degrees of vertical rotation paired with a strong magnetic base allow for easy mounting and better positioning. This MILWAUKEE M12 light features a 305 mm magnetic storage tray to hold nuts and bolts. 1,200 lumens of TRUEVIEW High-Definition Output Light provides full coverage for all tasks under vehicles. The M12™ LED Undercarriage Light can run up to 15 hours on low or 5 hours on high, providing all day runtime on one M12 REDLITHIUM™-ION 4.0Ah Battery Pack.

Features:

Three modes, up to 1,200 lumens of TRUEVIEW High Definition Output

180 ° vertical rotation and 300 ° horizontal rotation at base, and 130 ° vertical rotation and 300 ° horizontal rotation at light head

Magnetic base and 305 mm magnetic storage tray for lug nuts and bolts

Advanced optics provide full light coverage
