The **18V Brushless 16G 20° Angled Finish Nailer NT1865DA(H4Z)** by HIKOKI revolutionizes your finishing work. Powered by a brushless motor, it delivers a stable driving force, enhancing work efficiency. With a 20° nail angle, it provides access to tight spaces. Drive up to 2,900 nails per charge, while the dry-fire lockout function prevents firing when nail levels are low. It operates reliably in cold environments, offering low running costs without fuel cells or gas cartridges. The tool-less drive depth adjuster ensures convenience, while low noise and recoil make it safe and comfortable.

Features:

20° nail angle - for easy access to tight spaces.

Nailing efficiency -driving up to 2,900 nails per charge.

Smooth & Silent nailing - GASLESS Technology eliminates the exhaust gas odor and explosive nailing sounds.

Dry-fire lockout function - for low nail level prevention.

Steady nailing performance - achieve consistent nailing performance, even in cold environments where gas combustion nailers often struggle.

Compatible with the HIKOKI Multi Volt & 18V Slide Batteries.

Warranty:

3 Years Standard Warranty
