Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The M12 FUEL™ Low Speed Tyre Buffer delivers superior performance and control to replace pneumatic solutions currently in the market. With the MILWAUKEE® POWERSTATE™ Brushless Motor, the M12 FUEL™ Low Speed Tyre Buffer provides the power and compact size professional tyre technicians demand. The tyre buffer has the capability to complete passenger, light truck, and commercial flat tyre repairs with ease. With a 2-Mode Drive Control, costly mistakes can be avoided as users are able to perform consistent flat tyre repairs due to a dedicated Buffering and Drilling mode. With the runtime to perform up to 30 flat tyre repairs on a single M12™ 4.0Ah REDLITHIUM™-ION battery, the tyre buffer increases productivity with less downtime. This cordless tyre buffer provides you with greater access and mobility, eliminating the frustrations of hoses and compressors. **Features:**

- Power to Complete Commercial Flat Repair
- 2-Modes for Consistent Flat Repair
- Up to 30 Repairs per charge (on a M12b4)

Includes:

- (1) M12 FUEL™ Low Speed Tyre Buffer [M12FTB-0]
- (1) Quick Change Adaptor
- (Not Included) Battery & Charger
