The Lubemate L-T Series Twin Pedestal hose reel has a robust construction for use in industrial and automotive field application. The twin pedestal frame is an all-steel construction, reinforced with stamped ribs to provide exceptional strength and stability. The powder-coated, corrosion-resistant finish combined with an enclosed spring design, increases longevity in the reel's lifespan. The guide arm can be adjusted in different positions to accommodate various mounting structures and its narrow footprint allows for multiple reels to fit alongside each other, taking up minimal space. The Lubemate Twin Pedestal hose reel offers a reliable and cost-effective solution for your workshop. Ideal for applications relevant to automotive workshops, car and truck dealerships, lubrication trucks, mass transit vehicles, and general manufacturing. **Specification:-**

Hose Size - 6mm x 15m

Hose Type - Grease

Inlet- 1/4"BSPT (M)

Outlet - 1/4"BSPT (M)

Pressure Rating - 5800 psi

Hose Material - S.A.E. R2 wire braid

Features:-

Heavy-duty steel frame designed for robust application

Corrosion-resistant powder-coated

Long-lasting spring fully enclosed and lubricated

Flexible positioning of guide arm for mounting on bench,

ceiling, wall or service truck

Limited spare parts available

Repair Kits:-

L-SK253s - Hose stopper

L-SK261s - Swivel assembly
