The DEWALT Pocket Laser Distance Measure can measure up to 16m or 55ft, and its compact design means that it fits easily in the pocket. The one button operation makes it easy to use, and the internal lithium ion battery which is chargeable with USB means you can take up to 1000 measurements on a full charge. Measurements can be taken in Metric (cm, m) or Imperial (in, ft).

Features

Over molded comfort grip.

Compact design - Fits easily into the pocket

Powered by a 3.7V battery lithium-ion battery - Provides up to 1000 measurements per charge

Black Screen with white digits/letters, for better visibility in brighter conditions

One button for simple operation.

USB charging - 2.5 hours to fully charge from empty

Calculates distance in Metric and Imperial [no]

Includes:

(1) USB Charging Cable
