

12V GREEN 360 SINGLE PLANE LASER (TOOL ONLY) M12SPL0C BY MILWAUKEE

SKU	Option	Part #	Price
8729880		M12SPL0C	\$459

Model	
Type	360° Green Beam Multiline Laser
SKU	8729880
Part Number	M12SPL0C
Barcode	4892210209535
Brand	Milwaukee
Technical - Main	
Accuracy	± 3.18 mm over 10 m
Laser Colour	Green
Water Protection Rating	IP54
Packaging + Shipping	
Shipping Weight (Gross)	3.8 kg

The M12™ Green 360 ° Single Plane Laser provides all-day runtime and uncompromised visibility. The user will benefit from 30+ hours of continuous runtime when paired with an M12™ REDLITHIUM™-ion 4.0Ah Battery (sold separately) for ultimate productivity. The high-intensity green laser offers superior visibility with up to a 50m range for long-range applications. The 360 ° horizontal plane is ideal for setting drop ceiling elevations, soffits, or easy leveling of large spaces with one tool. The tether ready lanyard hole is great for tying up the MILWAUKEE ® M12™ laser, eliminating drops. The magnetic laser level has an integrated bracket with amplified rare earth magnets for a stronger hold that will not slide on steel studs. The integrated hang hole makes setup easy and efficient in any environment. As a part of our industry-leading M12™ System, this 360 ° laser level is compatible with all M12™ Batteries. **Features:-**
Up to 30+ hours of runtime on a M12™ REDLITHIUM™-ION 4.0Ah Battery
Tether ready lanyard hole eliminates drops
Amplified Rare Earth Magnet offer maximum hold on steel studs
High-intensity green laser beams
360 ° horizontal plane is ideal for setting drop ceiling elevations, soffits, or easy leveling of large spaces
50m range with detector
