Excision's new XDP 905 FLUID for neat oil application continues the superior performance of the XDP 905 range. Applying the lubricant when cutting, drilling or tapping has never been easier. Simply point the nozzle of the bottle to drill or cutting area, give it a slight squeeze and vital lubrication is provided when coolant cannot be applied via coolant systems.

Benefits:-

- Low viscosity - ideal for deep boring
- Protects against corrosion
- Reduces wear and friction
- Increases tool life up to 5 times
