Play it loud: powerful top performer for digital radio on rough jobsites

Highly flexible sound entertainment: digital (DAB+; Bluetooth®), conventional radio reception (FM) and AUX

Outstanding level of robustness: protective roll cage; designed to withstand harsh jobsite conditions

Crystal clear, massive sound: four speakers with 20 W (5 W each), integrated subwoofer (20 W) for powerful bass response

The GPB 18V-5 SC Professional is the robust music maker for powerful sound on rough jobsites. Compatible with DAB+, Bluetooth®, FM, and AUX, this sturdy radio always provides the right sound to make working enjoyable. The perfect choice to set the musical tone in rough working environments, the GPB 18V-5 SC Professional comes with a protective roll cage and is designed to withstand harsh jobsite conditions. Crystal clear and massive at the same time, this radio's impressive sound is provided by four speakers with a combined output of 20 W and an integrated subwoofer (20 W) for powerful bass response.

Equipment & Application

This unit is particularly suitable for digital radio reception and playing music via smartphones. It is compatible with all Bosch Professional 18 V batteries. Compatible with the Bosch Professional 18V System and with the multi-brand battery alliance AMPShare.

Additional Information

The GPB 18V-5 SC Professional is powered via 18 V or main AC power and additionally offers two outlets for powering
