Shipping Weight (Gross)	1.48 kg

Carry your coffee, tea, water or soup easily on site with the Milwaukee PACKOUT™ Tumblers. Designed with dual-wall vacuum insulation, the tumblers provide all-day hot and cold retention ensuring you have the right temperature from the start of the day to its end. The Tumblers' exterior has been constructed with 18/8 (18% Chrome / 8% Nickel) Stainless Steel, which provides greater strength and durability than common 18/0 (18% Chrome / 0% Nickel) Stainless Steel that is more prone to rust and punctures. What sets the PACKOUT™ Tumblers apart is the full connectivity into the PACKOUT™ system - simply twist to lock the Tumbler into any PACKOUT™ cleat for easy and secure transport around the jobsite, while they are also compatible with standard car and chair cup holders. Featuring an easy-open magnetic sliding lid the Tumblers are easily used when wearing bulky gloves, and are dishwasher safe for easy cleaning.

Features:-

- Double Wall Vacuum Insulation for all-day hot and cold retention
- Durable Construction with 18/8 Stainless Steel
- Rotating Magnetic Closure for easy use with bulky gloves
- Dishwasher Safe
- Fully Compatible with the PACKOUT™ System as well as standard cup holders
- Limited Lifetime Warranty
