Shipping Weight (Gross)	1.48 kg

The Internal Rechargeable Headlamp 450 Lumen offers a detachable, magnetic task light that delivers up to 450 Lumens of TRUEVIEW™ High Definition Output with spot and flood beam options. The rechargeable headlamp provides fast and easy detachment from the strap holster whilst having the ability to magnet mount the light for hands-free task lighting. The output and direction of light can be optimised in extremely tight spaces with five output modes and three separate magnet surfaces on the light head. This Rechargeable Headlamp is IP54 rated and survives impacts up to 2 metres, allowing the headlamp to withstand harsh jobsite conditions. The Rechargeable Headlamp's built-in battery provides maximum performance with up to 14 hours runtime. The Internal Rechargeable Headlamp 450 Lumen is covered by a 2 year warranty.

Features:-

Built-in battery offers convenient recharging via micro-USB
Five modes, up to 450 lumens of TRUEVIEW™ High Definition Output

Up to 14 hours runtime

Five position adjustable light head for directing light

Three magnets allow light head to be removed, mounted or used as task light

Manage runtime with on-board battery indicator

IP54 (limited dust ingress and high-pressure water jets from any direction)
