The Internal Rechargeable Flashlight 500 Lumen provides the flexibility to work hands-free and delivers up to 500 lumens of TRUEVIEW™ High Definition Output, whilst maintaining a compact size designed to fit in your pocket and carry at all times. The Rechargeable Flashlight provides maximum versatility, with the ability to quickly switch from handheld to hands-free with the magnetic base and reversible clip for easy attachment to the brim of your hat. With three output modes, including a low light mode, the Rechargeable Flashlight provides maximum performance or runtime with up to 40 hours for any task. Stay ready, easily from job-to-job with in-built USB charging and an on-board battery indicator. This USB rechargeable flashlight is built to survive the toughest jobsite conditions with an IP67 rating and can withstand impacts up to 4 metres. The Rechargeable Flashlight's built-in battery gives you optimal performance and rechargeable capabilities. The Internal Rechargeable Flashlight 500 Lumen is covered by a 2 year warranty.
