The M18™ 6 Bay PACKOUT™ Rapid Charger is the first dedicated charging solution compatible with the MILWAUKEE® PACKOUT™ modular storage system. The 6 Bay Rapid Charger charges two batteries simultaneously at a rapid charge rate, and is faster than other Milwaukee standard rate sequential chargers. The battery charger is optimised for transportation and storage on and off the jobsite. Integrate this charger into the PACKOUT™ modular storage system, and experience easy charging portability. The Milwaukee M18™ 6 Bay PACKOUT™ Rapid Charger includes (1) USB-A port, allowing users to charge small personal electronics such as phones, tablets, and headphones. During charging, store personal electronics on either side of the charger with storage caddies. The M18™ PACKOUT™ Six Bay RAPID Charger provides users with reduced downtime and easy transportation and storage.

Features:

Charge two batteries simultaneously - Charges 2 batteries at the same time then automatically switches to next available battery

Charges 6 M18™ REDLITHIUM™ -ION 5.0Ah Batteries in 3hrs Fully Compatible with PACKOUT™ Modular Storage System

Transport and store up to 6 batteries

Able to charge personal devices via USB-A port

Cord wrap clip provides cleaner cord management for better storage and safety
