

18V 2 X 8.0AH DUAL BATTERY BLOWER KIT M18F2BL802 BY MILWAUKEE

SKU	Option	Part #	Price
8730641		M18F2BL802	\$999

Model	
Type	Blower
SKU	8730641
Part Number	M18F2BL802
Barcode	4892210213099
Brand	Milwaukee
Technical - Main	
Battery Voltage (V)	18V
Dimensions	
Product Weight (Net Weight)	1.2 kg
Packaging + Shipping	
Shipping Weight (Gross)	1.2 kg

The M18 FUEL™ Dual Battery Blower meets the performance, durability, and ergonomic needs of landscape maintenance professionals. Requiring 2x M18™ REDLITHIUM™-ION Batteries for operation, and optimised for use with M18™ REDLITHIUM™-ION HIGH OUTPUT™ batteries, the blower provides high constant power by delivering a high maximum blowing force and maintaining the power level throughout the full charge of the batteries. The POWERSTATE™ Brushless Motor delivers 17 m³/min (600 CFM) and 233 KPH, providing users the ability to take on demanding applications such as clearing wet leaves. The advanced electronic package allows the Dual Battery Blower to reach full throttle in under one second, boosting user control and productivity. The ambidextrous variable speed sliding lock on switch provides the ability to easily lock in the blower to any desired clearing power, from clearing clippings from garden beds to maximum power. This speed control mechanism, combined with the blower's optimised balance, provide maximum clearing control, without the need to constantly hold the variable speed trigger. MILWAUKEE® REDLINK™ PLUS Intelligence has total system communication between the tool and battery for unmatched levels of performance, protection, and productivity. This battery powered blower includes both a tapered and a flat nozzle attachment, providing the ability to optimise airflow for different applications.

Features:

2x M18™ REDLITHIUM™-ION Batteries required for operation
 Optimised for best performance with HIGH OUTPUT™ batteries

No petrol headaches, pull starts or engine maintenance
 Reaches full throttle in under one second, boosting productivity and control

23 Exhibition Drive, Malaga Western Australia

hello@beyondtools.com

Low noise for operator comfort across the work day

Maintains constant power across battery discharge

POWERSTATE™ Brushless Motor delivers 17 m³/min (600

CFM) and 233 KPH, with 17.7 Newtons of blowing force

Ambidextrous variable speed lock on allows users to set

power at any level

Base acts as a secondary gripping point for control in

concentrated clearing situations

Operator facing dual battery fuel gauge alerts user to charge

levels across two batteries

Includes:

M18 FUEL™ Dual Battery Blower (Tool Only) - M18F2BL0

(2) M18™ REDLITHIUM™ -ION HIGH OUTPUT™ 8.0Ah Battery -

M18HB8

M18™ Dual Bay Simultaneous Rapid Charger - M18DFC
