Packaging + Shipping	
Shipping Weight (Gross)	5.6 kg

The M18 FUEL™ 1/4" Hex Impact Driver features the POWERSTATE™ Brushless motor which delivers maximum power for a full range of capabilities to complete the widest variety of applications. Increase productivity on the jobsite with fast driving speed without sacrificing power or control. REDLINK PLUS™ intelligence delivers Ultimate Trigger Control by providing smooth acceleration for small fasteners to prevent stripping of screws or damaging of materials. Featuring 4-mode drive control provides users with greater control over output speed and power. Self-Tapping Screw Mode is designed to reduce walking when starting self-tapping screws as well as reduce overdriving, breaking, and stripping out screws. The new impact driver also features Tri-LED lighting, illuminating the area of work while eliminating shadows.

Features:

Enhanced motor gives the M18FID3 0 - 4,400 IPM and 226 Nm of Max Torque

Provides the user the ability to deliver power to more demanding applications back-to-back

Enhanced motor delivers an improved 3,900 RPM when compared to previous generations

Provides the user with increased range of speed to complete application fast and with minimal downtime

Redesigned trigger mechanism with improved fitment and smoother acceleration

Tri-LED lighting illuminating the area of work while eliminating shadows

4-Mode Drive Control provides users with greater control over the output speed and power
