

M12 FUEL 12V ORBITAL DETAIL SANDER BARE (TOOL ONLY) M12FDSS0 BY MILWAUKEE

SKU	Option	Part #	Price
8730654		M12FDSS0	\$240

Model	
Type	Sheet Sander
SKU	8730654
Part Number	M12FDSS0
Barcode	4892210206008
Brand	Milwaukee
Technical - Main	
Speed Range	11,000 - 13,000 (OPM)
Dimensions	
Product Length	134.6 mm
Product Width	147 mm
Product Height	150 mm
Product Weight (Net Weight)	1.2 kg
Packaging + Shipping	
Shipping Weight (Gross)	0.95 kg

Designed for the professional carpenter, remodeler, or general contractor; the M12 FUEL™ Orbital Detail Sander is optimized for precision and designed to complement larger sanders on the jobsite. The M12 FUEL™ Orbital Detail Sander delivers fast detail sanding, stain grade finish, and more access in corners and contours. The POWERSTATE™ Brushless Motor and REDLINK PLUS™ intelligence provides the power to remove material up to 2X Faster than traditional hand sanding solutions on the market. The detail sander features an orbital sanding motion with a 1.5mm orbit diameter to deliver a clean, consistent stain-grade surface finish. The unique pad shape provides sharp, straight edges for greater accuracy and access into confined corners. The lightweight and ergonomic design at 0.6 kg provides unmatched manoeuvrability when used across multiple orientations. The innovative counterweight mechanism minimizes vibration to reduce user fatigue. The detailing sander features a variable speed trigger with a lock-on button and four speed settings from 4,000 - 14,000 for increased control across a wide variety of materials. The optional sponge pad allows the abrasive to contour to the work surface when working with complex trim profiles, while the pad saver protects against excessive heat build up to extend the life of the backing pad. The battery-powered detail sander features an integrated LED light, battery fuel gauge, and carries a 5 year power tool warranty.

Features:

Delivering 4,000 - 14,000 OPM and a 4 Mode Speed Control allows each mode to be suited to different ranges of orbital capabilities

Variable speed trigger provides smoother and greater control of the removal rate

Orbital sanding motion that leaves a stain grade finish and is optimised on the M12 platform to access tight corners and contours with ease

Utilises POWERGRID Mesh Sanding Sheets that provide more Life than traditional sandpaper

Includes:

(1) M12 FUEL™ Orbital Detail Sander [M12FDSS]

(9) POWERGRID Mesh Sanding Sheets

(1) Pad Saver

(1) Sponge Interface Pad

(Not Included) Batteries & Charger
