Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The M12 FUEL™ 1/4" Hex Impact Driver has Fast Driving Speed, is More Compact, and provides Maximum Workspace Visibility. The POWERSTATE™ Brushless motor delivers the fast driving speeds in the subcompact class for maximum productivity. Being only 127 mm in length, allows for greater access in tight spaces and overall portability. Tri-LEDs surround the bit accessory with brighter lights and less shadows providing maximum workspace visibility. The REDLINK PLUS™ Intelligence delivers top of the line thermal performance allowing more work to be completed. Get maximum runtime when paired with any M12™ REDLITHIUM™ battery pack.

Features:

POWERSTATE™ brushless motor delivers up to 3,600 RPM and 4,000 IPM

REDLINK™ PLUS Electronic Intelligence enables advanced communication between your batteries and tools, allowing for unmatched levels of performance, protection, and productivity

Provides the user the ability to complete more high demand applications back-to-back with minimal downtime
Shorter length compared to the previous generation (131mm vs. 127mm)

Tri-LED lighting illuminates the work surface from multiple angles reducing shadows

Provides users with maximum workspace visibility to accurately drive fasteners and illuminate the work surface
