The Milwaukee® 28oz Milled Face Hammer is designed from the ground-up to address common user frustrations with hammers currently available on the market, providing superior driving performance and reduced shock vibration. The precision balanced design provides strong and smooth striking power, while the I-Beam handle is designed to withstand the tough jobsite conditions. The SHOCKSHIELD™ grip provides durability and vibration reduction and for added user benefit, the hammer features an anti-ring claw design which reduces noise and ringing when striking hardened objects.
